that one B. A. Galligan, Clerk of the I Board of Public Works, has seriously werippled, and does now cripple the workings of the Health Department of the City of Wheeling, by interfering with your Health Officer in the discharge of the duties of his office.

Therefore I, George I. Garrison, Health Officer of the City of Wheeling, prefer and present the following charges, to wit: Charge first—That he, the said B. A. Galligan, did on the 13th day of May 1885, destroy a certain paper in my presente which had been served upon him as custodian of the books, papers, etc., of the Board of Public Works, by wirther of his being clerk thereof. Said paper was an order from me to the Board of Public Works to abate a nuisance on one of the streets or alleys of the city.

Charge second—That he, the said, B. A. Galligan, clerk as aforesaid, did on the 15th day of May, 1885, crumple up and cast into the street, a paper which had been served upon him, for like reason, and of like character, as described in charge to the city.

Senator Kenns, W. E. Chilton, Esq., Clarence Moore and Fleet Porterfield have gone to Webster C. H., where they expect to meet Senator Camden. They will rusticate for several days and then proceed down the Elk river in a cance to Charleston. They will put in several days fishing on their way down.

Several Weston gentlemen propose, if they meet with the proper encouragement, to commence shortly the publication of a monthly paper or magazine, which is to be devoted to the dissemination of Catholic news and literature. It is, presumed that that pushing, enterprising individual, Father Tracy, is behind this movement. On motion it was resolved, with only three or four dissenting votes, "That the old rail clause in the scale be withdrawn and that we deal with the question le cally."
This practically leaves the old rail question where it stood prior to June is, when the new scale went into effect. The employes of each mill will demand pay for bad iron which owes its poor quality to the unfit character of the old rails used as raw material, and the entire association will enforce the demand if it is deemed just by the committee.

The corn crop in Monroe county, it is said by old residents, will be the best realized in many years. The yield of oats is also unusually fine and the hay crop excellent. This propitious condition of things is more or lees accurately duplicated in the sister counties of that section, and notwithstanding the partial failure of the wheat crop, must result in the amelioration of those financial embarrassments which have hampered the people during the past twelve moutles.
